All plans are subject to a twelve (12) month waiting period for pre-existing conditions except when a condition is disclosed on the application at the time of medical underwriting and the policy is approved. Preexisting condition means the existence of symptoms which would cause an ordinarily prudent person to seek diagnosis, care, or treatment, or a condition for which medical advice or treatment was recommended by or received from a provider of health care services, within 12 months preceding the effective date of coverage of the insured.

An optional Mental Health Rider is available with POS Plans shown above. If this Rider is purchased, it must be taken by all family members applying for coverage on the same application. Each member is charged an additional monthly premium. All care must be coordinated through Coventry's mental health and substance abuse vendor. Refer to your broker for more details.

This summary is a partial description of coverage and does not detail all benefits, limitations and exclusions. Please consult the Member Contract, Schedule of Benefits, and applicable Riders to determine the exact terms, conditions and scope of coverage.
